

WERNER ELECTRIC PRIVATE LIMITED

Control Room Consoles

About Us

Innovation and simplicity makes us happy! Werner Products boasts clean and crispy design, bulletproof product consistency and intuitive builds. All our products were created by top industry leaders in mechanical design and with extensive feedback of user experience. Improve your customer satisfaction and enhance your product quality and profitability using Werner.

Werner Electric is built on four core values that inspire us to work together every day toward improving the world:

Trust

We communicate openly with our customers, and do what it takes to keep them happy.

Growth

We're obsessed with our customer's success and take pride in their achievements.

Innovation

We pursue ideas that could change our company, our country and maybe even the world.

Equality

We respect and value employees from every background, and we thrive as a result.

Werner Electric manufactures and supplies products such as Industrial Safety, Industrial Automation, Switchgear and Electronic components. Full service solution provider to almost any industry sector, when it comes to purchase high quality industrial electric components.

History over one century of Company History in continuous improvement & inventing innovations in a glance. Since 1910.

WERNER

Inventing Innovation...

Werner's in control room console and furniture solutions. We create attractive, ergonomic consoles that interface with your operators to improve comfort and optimize efficiency. We offer stock, customized and custom consoles suitable for any application. Whether you are building a state-of-the-art control room from the ground up, or you simply need to upgrade your operations, Werner can provide the ideal solution.

CHAIRS

Three Base Console Widths

Base consoles are available in three widths: 24", 48", and 72". Features the Insta-Lock fastening system for simple construction. Black powder-coat finish.

Corner Fillers

Corner fillers help fit consoles into rooms, and deliver a convenient, ergonomic wrap-around operator console. Choose from 15°, 45°, and 90° concave corner options or 15° and 45° convex corner options.

Easy-Access Cable Management

Enhance reliability while protecting and managing your cables. All Prestige consoles feature convenient cable management solutions that are easily accessible. A large drop-down interior tray is also available as an option.

Decorative TruForm End Panels

Complete the look of your console with our popular TruForm end panels. TruForm panels are available in a wide variety of colors. End panels can also be custom ordered in laminate or solid-surface materials.

Rack Mount Turret

Optional Sight-Line rack mount turrets can be positioned to meet your needs. Available in either 7" (4U), 10-1/2" (6U), or 19-1/4" (11U) by 19"W EIA rack space. Features a vented top. Decorative wood trim is available. 10-1/2" (6U) turret is available for Insight.

Adjustable Monitor Mounts

VESA-compliant pivot/tilt mounts easily attach monitors to a support post, and provides smooth pivot and pitch adjustment for optimal viewing of fat panel monitors.

Multi-Purpose Locking Doors

Double-panel doors are extra-sturdy to support a CPU shelf or file/storage bin for convenient swing-out access.

Anti-Tip Extension

Extensions stabilize the console on all in-line console configurations. Anti-tip extensions come standard with all end frames. Black powder-coat finish.

Data/Power Access

Openings for a universal data mounting plate (RJ-45, HDMI, CAT-5, CAT-5E, CAT-6, BNC, and S-Video) and/or duplex power are conveniently located at the back of the work surface on Sight-Line and Insight consoles.

Versa-Trak Monitor Mounting System

Integrated horizontal aluminum track system will support a wide variety of monitor arrays. Versa-Trak offers the ultimate in versatility with easy horizontal adjustment. Post-mounted VESA brackets provide vertical adjustability along with the ability to tilt and pivot the monitors.

Four Monitor Mount Post Heights

Available in four different heights: 15", 28-1/2", 42" and 60" so you can create a monitor array suitable for any application.

Optional M-View Monitor Wall

Sight-Line and Insight consoles work in tandem with our M-View monitor wall system to support large monitors over rack mount turrets.

Multiple Work Surface Options

Choose from four durable work surface options. Our innovative Endurance Plus, our proprietary Comfort Edge, our popular laminate with Safeguard, and flexible Corian work surfaces are all available for our Prestige consoles.

Slat-Wall Mounting System

Constructed of high quality extruded 6105-T5 aluminum, the Slat-Wall system is 15" high and designed to support a variety of monitor mounts and accessories.

VERSA-TRAK MONITOR MOUNTING SYSTEM

Integrated horizontal aluminum track system will support a wide variety of monitor arrays. Versa-Trak offers the ultimate in versatility with easy horizontal adjustment. Post-mounted VESA brackets provide vertical adjustability along with the ability to tilt and pivot the monitors.

EASY-ACCESS CABLE MANAGEMENT

Enhance reliability while protecting and managing your cables. All Prestige consoles feature convenient cable management solutions that are easily accessible. A large drop-down interior tray for additional cable management is also available as an option.

INTEGRATED DATA/POWER

Keep your electronics up and running. Sight-Line, Slat-Wall and Insight consoles feature openings for universal data mounting plates and duplex power outlets, conveniently located at the back of the work surface where they are within easy reach to connect electronics.

MULTI-PURPOSE DOORS

Double-panel front and rear doors are extra sturdy to support a CPU shelf or file/storage bin for convenient swing-out access. Prevents reaching and working in confined storage spaces.

WERNER

Inventing Innovation...

Sight-Line consoles feature our integrated Versa-Trak monitor mounting system, which offers the ultimate in adjustability. The Versa-Trak system allows users to optimize and easily modify sight lines and viewing angles based on personal needs. If you are looking for unparalleled beauty and function designed specifically for your needs, you have found the solution. Whether you need a single workstation or a complete control room, Sight-Line consoles are perfect for all installations.
